

DRAWING ON MY EXPERTISE

What are the five top goals you want to achieve during your class meeting or first week of classes? Don't worry about the environment. Focus on your major goals (e.g., get to know something about each student's interests, establish norms and procedures, engage them in foundational content related to the course). You'll refer back to these goals at the end of the module.

1. _____

2. _____

3. _____

4. _____

5. _____
