

# Reflective Activity: Integrated Activities/ Multimodal Sensory Activities

Incorporating integrated and multimodal sensory learning strategies into your classroom will benefit all your students by supporting their individual differences. Consider ways you already incorporate these strategies and/or ways you could incorporate these strategies even more.

Integrated activities	Multimodal sensory activities
• _____	• _____
• _____	• _____
• _____	• _____
• _____	• _____

Which integrated or multimodal sensory learning strategies would benefit you most when learning something new? How do these use your strengths to support your vulnerabilities?
