

3.3 Focus on Fluency

Instructions: Analyze a procedure-related topic, identifying how components of fluency will be included (e.g., tasks, questions to pose). Note that appropriate strategy selection is nested *within* efficiency to emphasize that efficiency is *not* only about speed.

Procedure: _____

<i>Efficiency</i>		<i>Flexibility</i>	
Speed/automaticity		Strategy adaptation	
Strategy selection		Strategy transference	
<i>Accuracy</i>			
Correct solutions
