

3.8 Implementing Cognitively Demanding Tasks

Instructions to the Coach: During the lesson, record tasks used and how they were implemented. After the lesson, reflect on the level of cognitive demand of the task itself and the cognitive demand in its implementation.

Task(s) Selection (record or describe)	Task(s) Implementation (record teacher actions, student actions)	Cognitive Demand (discuss in reflecting conversation)

Codes for Type of Task:

Memorization = M

Procedures With Connections = PWC

Procedures With No Connections = PNC

Doing Mathematics = DM
