

9.6 Teaching to Support Emergent Multilingual Students

Instructions to the Coach: With the teacher, identify particular students to observe (this tool is set up for three, but it can be adapted). Record these students' actions and participation, along with teacher moves that are intended to support these students. After the observation, map the data to the categories in Tool 9.3.

<i>Student's Name</i>	<i>Student's Actions (Movements)</i>	<i>Student's Responses (Speaking, Reading, Writing, Listening)</i>	<i>Teacher Moves Related to the Student(s)</i>
