

# Differentiation that shifts your instruction and boosts ALL student learning!

“Every Math Learner is a powerful tool for educators serious about meeting the needs of all learners in their mathematics classrooms. Nanci Smith balances philosophy with practicality while providing a glimpse into real classrooms with real students.”

—Eileen Hogan, District Mathematics Facilitator, Winnetka District #36

## Every Math Learner

A Doable Approach to Teaching With Learning Differences in Mind, Grades K-5 & 6-12

Nanci Smith

Nationally recognized math differentiation expert Nanci Smith debunks the myths surrounding differentiated instruction, revealing a practical approach to real learning differences. Theory-lite and practice-heavy, this book provides a concrete and manageable framework for helping all students know, understand, and even enjoy doing mathematics. Busy mathematics educators learn to

- Provide practical structures for assessing how students learn and process mathematical concepts
- Design, implement, manage, and formatively assess and respond to learning in a standards-aligned differentiated classroom
- Adjust current instructional materials to better meet students' needs

Includes classroom videos and a companion website.
