

A think-aloud process that comes close to bottling magic

“It can be intimidating to figure out those “juicy spots” in a text and know which strategies to model, and so this book is like one of those favorite field guides to wild flowers for us reading comprehension groupies. Molly shows us that the ultimate goldmine for planning reading instruction is our own reading process.”

Think Big With Think Alouds

A Three-Step Planning Process That Develops Strategic Readers

Molly Ness

Foreword by Douglas Fisher

Grab a pencil, and you are on your way to dynamic lessons using Molly’s three-step planning process.

- **Read Once:** Go wild, putting a flurry of sticky notes on spots that strike you
- **Read Twice:** Whittle your notes down to the juiciest stopping points
- **Read Three Times:** Jot down what you will say so there’s no need to wing it in front of the kids

Molly helps you focus on just five strategies: asking questions, making inferences, synthesizing, understanding the author’s purpose, and monitoring and clarifying. Includes more than 20 ready-made think aloud scripts, activities, templates, and more.
