ESTABLISHING PURPOSE

What are the key content standards I will focus on in this lesson?

What are the learning intentions (the goal and why of learning, stated in student-friendly language) I will focus on in this lesson?

Content:

Language:

Social:

When will I introduce and reinforce the learning intention(s) so that students understand it, see the relevance, connect it to previous learning, and can clearly communicate it themselves?

SUCCESS CRITERIA

What evidence shows that students have mastered the learning intention(s)? What criteria will I use?

I can statements:

How will I check students' understanding (assess learning) during instruction and make accommodations?

INSTRUCTION

What activities and tasks will move students forward in their learning?
