

Behavior Initiative 3 × 3 Selection Guide

Insert the schoolwide behavior initiative you would like to implement or improve implementation of based on your new learning:

Instructions: Answer the three questions considering multiple stakeholder input and student data for the behavior initiative you selected to put through this 3 × 3 selection process. Continue the three-question process for each stakeholder group. The intended outcome is to use your new learning and match it to stakeholder input and student data needs to make an informed decision and justify the why behind choosing this particular behavior initiative.

Name of Selected Behavior Initiative 3 × 3 process	1. Based on input data from each stakeholder group, why do you think this behavior initiative best fits your school?	2. What are some best practices resources that can help you design implementation based on input data from each stakeholder group?	3. What are your intended outcomes for wanting to implement this behavior initiative?
Initiative 1.	Stakeholder group:		
Initiative 2.	Stakeholder group:		
Initiative 3.	Stakeholder group:
