## **Observation Checklist**

	1						
1. Neat, clean, closes eyes to visualize,							
always likes to look at something, reacts							
to colorful stimuli, doodles and draws,							
chooses colorful or visual tasks, takes							
lots of notes							
2. <b>Hums or talks to self often</b> , can pay							
attention without looking at the front, can							
get information from listening without							
looking at pictures, elaborate							
<b>explanations</b> , tells stories even when							
asked not to, chooses interpersonal or							
listening tasks							
3. <b>Gestures</b> while talking, tapping,							
fidgeting, remembers what was done							
but not said or heard, touches others,							
roams, chooses active hands-on tasks							
1. Detail oriented, linear and sequential,							
likes charts and worksheets, sorts and							
classifies, clear explanations of what							
they've done, tends toward <b>organization</b> ,							
frustrated with "chaos"							
2. Relates own experiences appropriately							
without being asked, advises others,							
hands-on experiences best, likes to apply							
learning, thinks of ways to do things,							
persuasive							
3. Imaginative responses and tasks,							
explanations are atypical, notice things							
explanations are atypical, notice things others don't, design new things, lots of

Gestures while talking, tapping, fidgeting, remembers what was done but not said or heard, touches others, roams, chooses active hands-on tasks							

adapted						
7. Enjoys the opportunity to <b>reflect and work independently</b> , often <b>quiet</b> and would rather <b>work on his/her own</b> than in a group, <b>self-reflective</b> and expressive						
8. Enjoys <b>relating things to their environment</b> , has a strong connection to nature						

## **Observation Key**

Section 1: Modality

- 1. Visual
- 2. Auditory
- 3. Kinesthetic

Section 2: Triarchic Theory (Sternberg)

- 1. Analytical
- 2. Practical
- 3. Creative

Section 3: Multiple Intelligences

- 1. Verbal Linguistic
- 2. Logical Mathematical
- 3. Visual Spatial
- 4. Musical
- 5. Body Kinesthetic
- 6. Interpersonal
- 7. Intrapersonal
- 8. Naturalist
