

2-Year or 4-Year?

Scale A: Based on the data you've examined, students who attend a 4-year college are _____ compared to those who attend a 2-year college.

Scale B: Based on the data you've examined, the annual cost of attending a 2-year college is _____ compared to the cost of attending a 4-year college.

Scale C: Based on the data you've examined, getting a degree from a 2-year college means that you will make _____ than someone who graduates from a 4-year college.

Scale D: Based on the data you've examined and the discussion we've had, 2-year colleges are a better option for _____

On the basis of your analysis of the data, write an argument in which you explain whether a 2-year or 4-year college is better for you. Make sure you state a clear claim, offer sufficient data that provide a safe starting point, and explain how the data connect to the claim.
