On-Your-Feet Guides

Research-based and made for the in-the-moment teaching

On-Your-Feet Guides (OYFGs) provide you with the ultimate “cheat sheet” to implement effective change in your classroom while in the moment of teaching. Designed for accessibility, and providing step-by-step guidance, the OYFGs are written by experts who take research-based practices and make them doable for the busy teacher. Use On-Your-Feet Guides:

- When you know the “what” but need help with the “how”
- As a quick reference to support a practice you learned in a PD workshop or book
- To learn how to implement foundational practices
- When you want to help your students learn a specific strategy, routine, or approach, but aren’t sure how to do it yourself

Each On-Your-Feet Guide is laminated, 8.5”x11” tri-fold (6 pages), and 3-hole

Featuring Authors such as:
