- Look at how the author broke the text into parts. Each part has a **heading**. Why is the heading short?
- Read a **section** of the **article**. Pay attention to **sentence length**. How many are **short**? How many are **long**? The **author** did this to make the writing sound interesting.
- Look at the **variety of words** the **author** used. Read some that are **one syllable**. Read some words that have **two syllables**. Find the words with **three or more syllables**. Why do you think the **author** used **words of different lengths**?
