

STEM Talent Aptitude Survey

Directions:

This survey helps you to identify your unique talents and aptitudes. Answer each question as honestly as you can. There are no right or wrong answers, only what is true for you.

	often	sometimes	seldom
1. I think about how things work or why things are the way they are.			
2. I ask questions that I explore and investigate.			
3. Give me the facts, and I'll identify the problem and a solution.			
4. I come up with convincing arguments.			
5. I think of new, unusual, and imaginative ideas.			
6. I work on many different projects.			
7. I don't give up when I face a difficulty.			
8. I look for ways to improve and get better, even if it's hard.			
9. I know my strengths and how to use them to my advantage.			
10. I think about my mistakes and how I can improve next time.			
11. I'm quick to get the answer, see the pattern, make the connection.			
12. I trust and follow my gut feelings or inner voice.			
13. I encourage and organize others to complete a project.			
14. I stick with my goals even when others don't go along.			
15. I am interested in science, technology, engineering, and math (STEM) activities.			
16. I look for ways to become involved in STEM activities.			
17. I ask questions and search out answers by collecting data.			
18. I display the data I collect and explain what it means.
