

SELF-ASSESSMENT

Before moving forward, consider the success criteria for this module. You will notice these statements have been revised from “We can” statements to “Can I?” questions. Using the traffic light scale, with red being not confident, yellow being somewhat confident, and green indicating very confident, how confident are you in your learning about deliberate practice? You’ll also want to take note of evidence you have for your self-assessment.

| SUCCESS CRITERIA | SELF-ASSESSMENT | EVIDENCE |
|--|---|----------|
| Can I compare and contrast the different types of practice? |  | |
| Can I explain the differences between productive and unproductive success and failure? |  | |
| Can I describe the three characteristics of effective deliberate practice experiences? |  | |
| Can I use different techniques to motivate learners to engage in deliberate practice? |  | |
