

## NOTE TO SELF

*How can I use direct instruction in my distance learning classes?*

---

What concept or skill do my students need?

---

---

---

What is the goal for the lesson?

---

---

---

How can I explain this to students?

---

---

---

How can I ensure that they practice as I observe?

---

---

---

How can I teach them so they can then teach others?

---

---

---
