Well Hi!!! Have you ever had that dream where there are a bunch of crabs crawling on you? Well, I'm at the beach right now and surprisingly the crab that is on me isn't biting or pinching me at all!!! It's weird. Oh no!!! The crab's <sup>(his)</sup> claws! I took **its** <sup>(his)</sup> claws!!! **Its** claws are what it uses to stand! I took <sup>(his)</sup> **its** feet, and ate them! <sup>(his)</sup> **Its** claws are tasty!!! <sup>(his)</sup> **Its** eyes, not so tasty.
