SELF-ASSESSMENT

Before moving forward, consider the success criteria for this module. You will notice these statements have been revised from "We can" statements to "Can I?" questions. Using the traffic light scale, with red being not confident, yellow being somewhat confident, and green indicating very confident, how confident are you in your ability to fade scaffolds? You'll also want to take note of evidence you have for your self-assessment.

SUCCESS CRITERIA	SELF-ASSESSMENT	EVIDENCE
Can I describe automaticity and learned helplessness?		
Can I implement wait time strategies to fade scaffolds?		
Can I compare and contrast the different types of practice?		
Can I decide between least-to-most and most-to-least approaches to scaffolding and fading?
