

Then

Proof:

Then = when (now, later)

Ex:

(when)
We left right then.

PRACTICE THE CONVERSATION:

A: Will you please read the sentence?

B: *We left right then.*

A: Great. Wait . . . did you say *then*? Or *than*?

B: Then. T-h-e-n.

A: Oh no. I'm afraid that's wrong.

B: No, I'm afraid it's right.

A: Can you prove that?

B: Sure. *We left right then. We left right when.*

A: Perfect! You're right.

B: Thank you. Thank you very much.
