Nothing

Today I will write about . . . NOTHING.

You may be thinking, “But Nic, you just can’t write about nothing.”

And to this I say, “I do what I want. ^(noun + verb) **I can.** ^(noun + verb) **People should.**”

Now there are some different ways of writing about nothing. The one way you

are thinking of is not the one I’m doing. ^(noun + verb) **It just isn’t.**

This is the time where you may say, “If you’re going to write about nothing,

then just do it!”

^(noun + verb) **I will.** ^(noun + verb) So here it is. Just **do it.**

Did you enjoy that bit about nothing? ^(noun + verb) **I did.** Now you may think “There’s nothing there.”

And to that I say, “Exactly.”
