## Why I Want to Be a Bird

I want to be a bird  (**like a pigeon, a mockingbird, a grackle**) because you can fly and poop on peoples' cars,  **bikes, or strollers**. If you have good aiming, then maybe even their heads! Just think about how fun it would be to drop your waste on somebody's property. And you get to sit  **in a tree, on a roof or a telephone line**, minding your own business chirping your lungs out to annoy people. There are so many fun things to do when you're a bird.
