## I have to say

I have to say that I've never liked <sup>(d.o. = what?)</sup> **reading books**, but then I met my <sup>(d.o. = what?)</sup> **inspiration**.

I saw a <sup>(d.o. = what?)</sup> **book**, it looked so cool that I read <sup>(d.o. = what?)</sup> **it** and then got so into it that I saw the

<sup>(d.o. = what?)</sup> **movie**. I have to say it wasn't quiet inside but the movie was great. I have to say

I'm already on the 3rd scene and I've got to say it's going to be the best book I

will ever read . . . I have to say . . . in my life. I might even have to say that I might

<sup>(d.o. = what?)</sup> like another **book** and I have to say that it's going to be more interesting.
