A closer look at word level reading...

Their peaceful drifting halted suddenly with the approach of a mother and her two small children. The appearance of humans often signaled fine dining for the hungry flock. As if attached by some invisible string, the whole flock immediately set sail in the direction of the oncoming trio. At the pond's edge, the geese scrambled out of the water in waves and scattered over the bank. Their smooth, graceful glide across the water became a clumsy, stiff-legged waddle. The children squealed with delight as the geese moved closer, drawn by the trail of crackers laid down by their mother.
