

Figure 5.2 Taxonomy of Questions

Category	Description
Text explicit	The question is asked using words from the text, and the answer is directly stated in the reading.
Text implicit	The questions are derived from the text and require the reader to look for the answer in several places and to combine the information.
Script implicit	The question elicits an answer to come from the reader's own prior knowledge and experiences. The text may or may not be needed to answer the question.
