

How to Make the Communication Catcher

1. **Cut and Fold:** Cut out the Communication Catcher. Place the square face up and fold and unfold the square in diagonals from corner to corner. The folds should create an X.

2. **Flip and Fold:** Place the square facedown and fold each of the corners to meet the center.

3. **Flip and Fold:** Turn the paper over. The flaps should be face down. Fold each of the four corners so the points meet in the center.

4. **Fold:** Fold the square in half from side to side. Unfold and fold the square from bottom to top.

5. **Wear, Pinch, and Play:** Slide both thumbs and index fingers under the four flaps. Pinch the top corners together with the thumbs and index fingers under the four flaps.
