

## Directions

### Comparing with Dominoes or Base Ten Blocks

- Have the student select two cards (domino cards for less than 20 or base ten cards for less than 100).
- Ask the student to tell which is greater.
- Give the student a third card and ask how it relates to the other two cards.

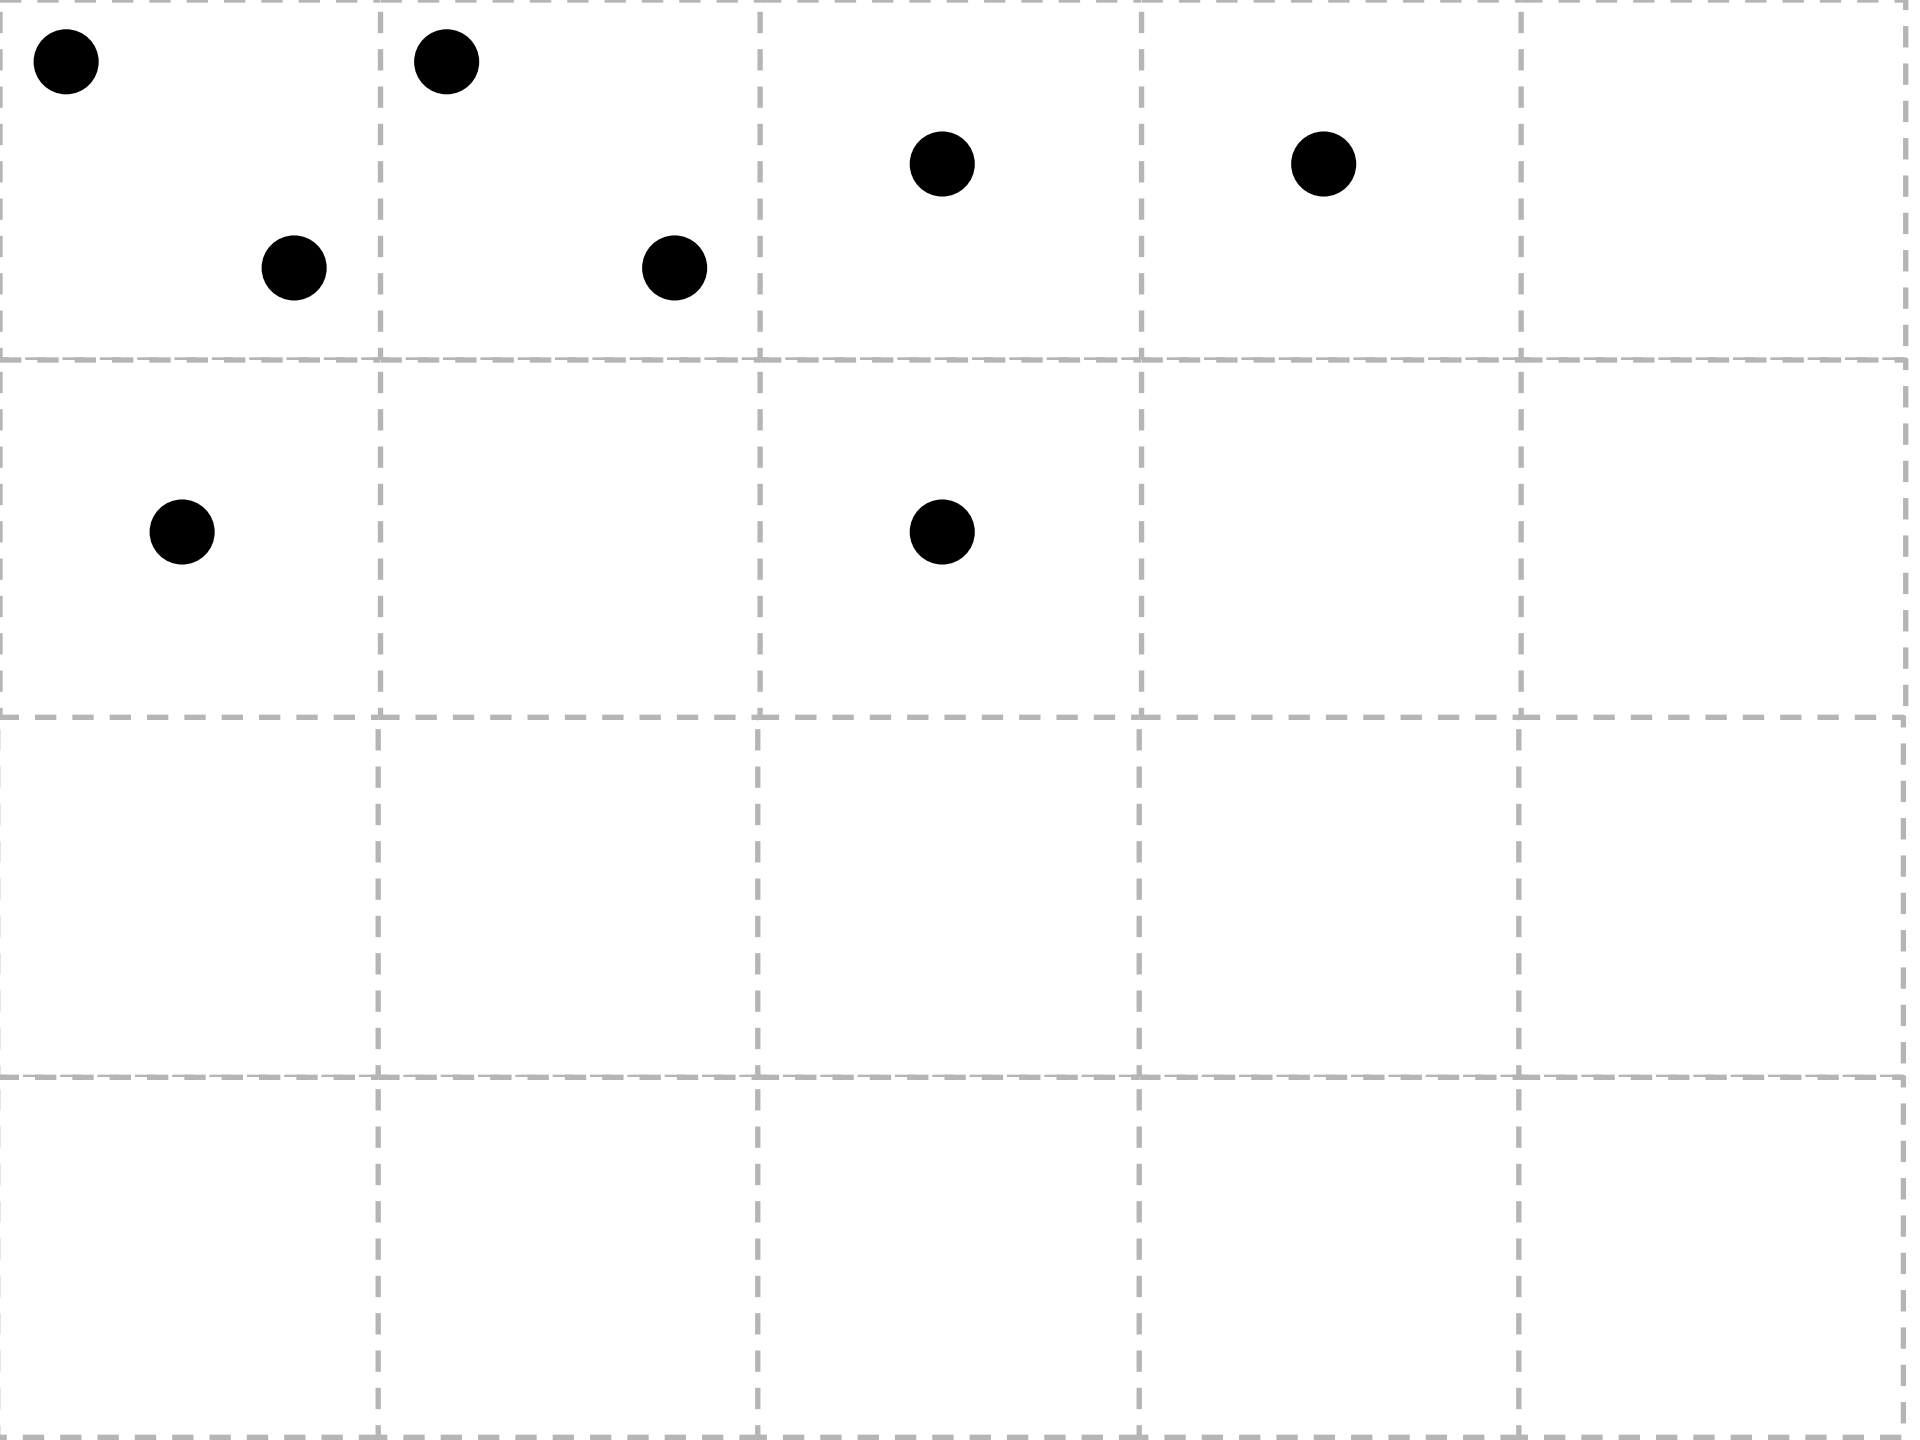

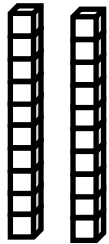

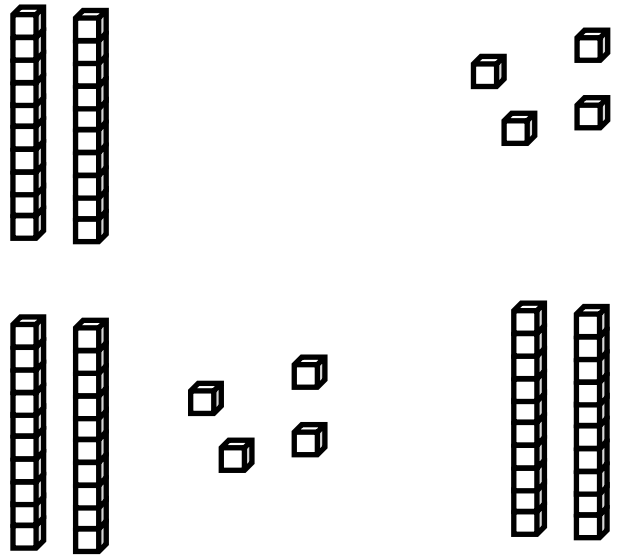

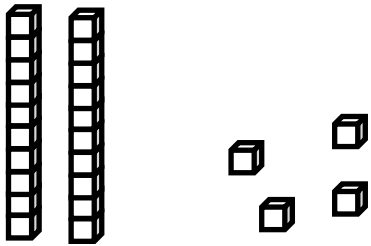

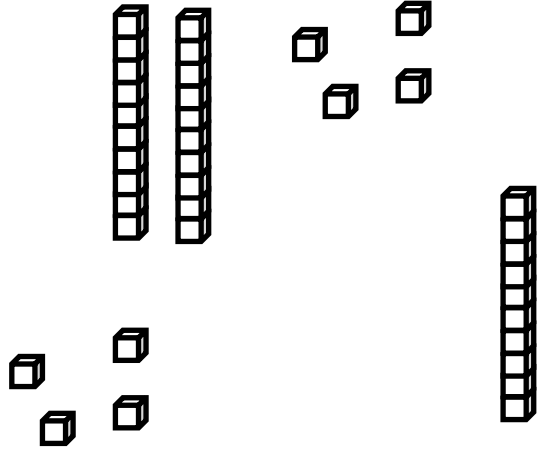

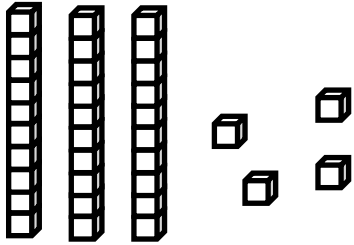

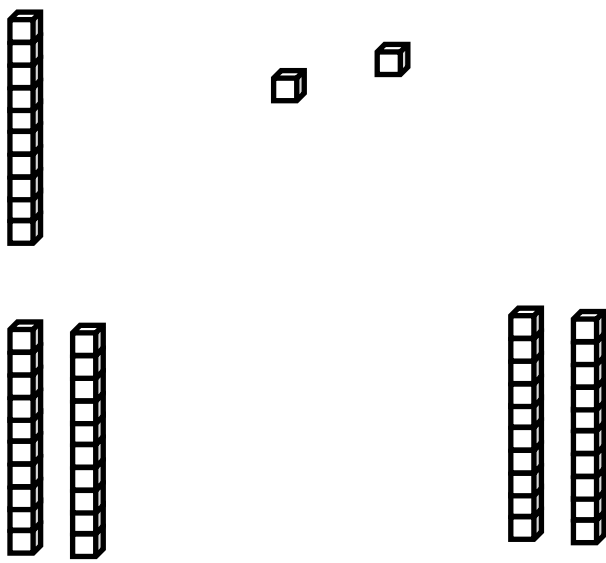

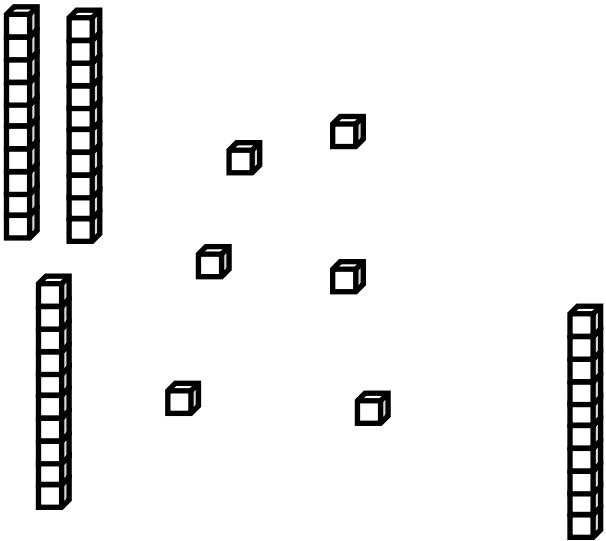

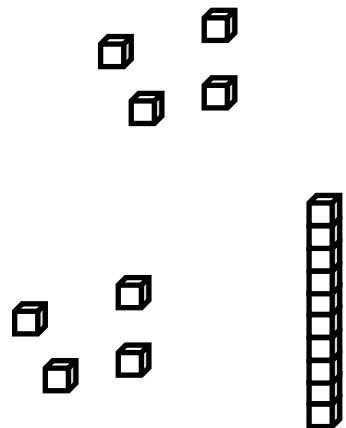

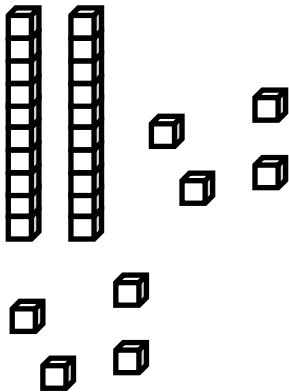

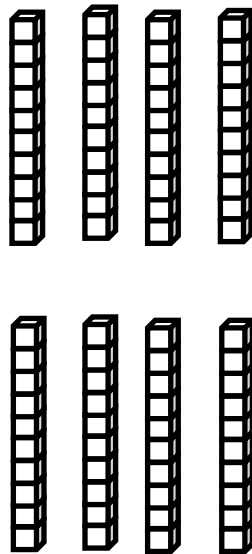

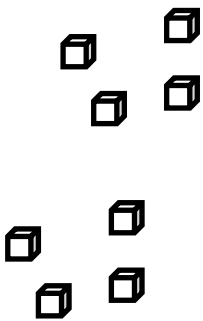

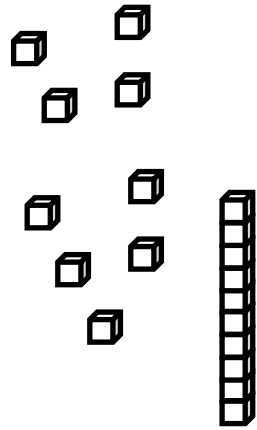

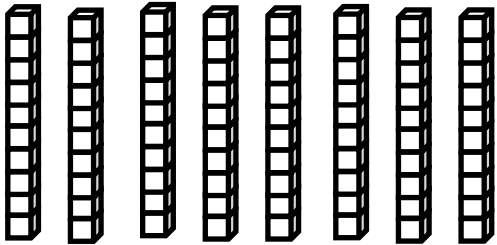

# Directions

- Print the domino cards on copy paper or cardstock.
- Cut apart the cards on the dotted lines.
- The dark, full lines separate the pips on a domino card.
