

Example Mid-Year Survey

1. Before each math unit starts, I send home Unit Preview Letters that show you what your child will be learning, explain the vocabulary used in the unit, show you the strategies we will be learning, and offer resources for supporting your child at home. How helpful have those been for you?

- ☐ Very helpful
- ☐ Somewhat helpful
- ☐ Not helpful at all

2. What are some ways I can improve my communication about math?

- ☐ More personalized communication about my child's progress
- ☐ More information about why math looks different than when I was a child
- ☐ Offer a beginning of unit optional parent webinar where you teach me the math
- ☐ I think your communication is just enough! I don't need more.
- ☐ Other: _____

3. Which communication types do you find helpful? (Check all that apply.)

- ☐ Beginning of the year overview
- ☐ Unit preview letters before each unit is taught
- ☐ Weekly letters before each week's content is taught
- ☐ Information on supporting your child in math
- ☐ Other: _____

4. How satisfied are you with my communication about math?

- ☐ Very satisfied
- ☐ Satisfied
- ☐ Unsatisfied

If you answered unsatisfied, please explain: _____

5. How satisfied are you with the frequency of my communication (how often it happens)?

- ☐ Very satisfied
- ☐ Satisfied
- ☐ Unsatisfied

If you answered unsatisfied, please explain: _____

Your answers to this survey will help me improve my communication about math for the rest of the year. What else do you think is important that I know?
