

# A School-Wide Solution for Student's Mathematics Success!

## The Math Pact

Achieving Instructional Coherence Within and Across Grades

Elementary, Middle School, High School

Karen S. Karp, Barbara J. Dougherty, Sarah B. Bush

When “rules” seem to change from year to year, teacher to teacher, or school to school, mathematics can seem like a disconnected mystery for students. Clear up the confusion with a Mathematics Whole-School Agreement! Expanded from the highly popular “Rules that Expire” series of NCTM articles, features of these books include:

- Effective working plans for sustainability
- Abundant grade-specific examples
- Barrier-busting tips, to-dos, and try-it-outs
- Practical templates and checklists
- PLC prompts and discussion points

When teachers unite across grades, students hit the ground running every year. Take the next step together as a team and help all your students build on existing understanding to find new success and most importantly, love learning and doing mathematics!
