Answers to Your Biggest Questions About Teaching Secondary Math

Five to Thrive series

Frederick L. Dillon, Ayanna D. Perry, Andrea Cheng, and Jennifer Outzs

Whether you are a brand new teacher or a veteran, if you find teaching math to be quite the challenge, this is the guide you want by your side. Designed for just-in-time learning and support, this practical resource gives you brief, actionable answers to your most pressing questions about teaching secondary math. Written by four experienced math educators representing diverse experiences, these authors offer the practical advice they wish they received years ago, from lessons they've learned over decades of practice, research, coaching, and through collaborating with teams, teachers and colleagues—especially new teachers—every day.

Questions and answers are organized into five areas of effort that will help you most thrive in your secondary math classroom:

- How do I build a positive math community?
- How do I structure, organize, and manage my math class?
- How do I engage my students in math?
- How do I help my students talk about math?
- How do I know what my students know and move them forward?
