## Co-Planning

### Five Essential Practices to Integrate Curriculum and Instruction for English Learners

Andrea Honigsfeld and Maria G. Dove

English Learners (ELs) and multilingual learners (MLs) have double the work of their English-speaking peers as they are required to master language and content simultaneously. To support this dynamic academic and language development process, all teachers need to have an understanding of language acquisition and EL/ML-specific methodologies along with offering social-emotional support to ELs/MLs and work in tandem with each other.

Bestselling authors, Andrea Honigsfeld and Maria G. Dove, have returned with this new resource that complements and expands on their previous titles on co-teaching and collaboration by addressing collaborative planning in greater depth. Co-planning is positioned as the first step toward integrative language and content instruction as regular and purposeful collaboration ensures that ELs/MLs have access to core content.
