### Possible Classroom Norms for SJMLs

1. We deeply listen to what others say and to feelings, experiences, and wisdom behind what they say.
2. We recognize that other people may hold pieces of the puzzle that we don't.
3. We use personal experiences to share our ideas about the topic.
4. We do not necessarily always agree; thus, our goal is to gain deeper understanding.
5. We can provide support (e.g., head nods, smiles) when someone is struggling to speak.
6. We speak for ourselves as individuals and do not make assumptions about others' experiences.
7. We disagree with ideas, not people.
