

Just Right: Fraction and Decimal Multiplication Board

Directions: Flip over a problem card. Decide which strategy is “just right” for the problem. Solve it using that strategy. If correct, place a marker on the strategy. Be the first to get four markers in a row (horizontally, vertically, or diagonally).

Compensation	Break Apart (by addends) or Partial Products	Halve and Double	Standard Algorithm	Break Apart (by addends) or Partial Products
Break Apart (by addends) or Partial Products	Halve and Double	Compensation	Break Apart (by Factors) <i>other than Halve and Double</i>	Compensation
