Making Sense of Your Research

<u>Presenting results through graphs</u>: Create charts with the data found by your group. You can create graphics with or without the use of technology. Think about the following questions to guide your creation:

What kind o	graph can you use to organize	e the information? L	ist at least two types.		
What type o	f graph/chart would work be	est to display your	findings? What typ	ne of graph/chart	would suppor
What kind o	graph will you build? Why?				
What elemer	ts does a chart need to have to	be understandable:	Pescribe them.		
Choose a titi	e for the chart and explain you	er reason for choosin	g this title.		
Build a leger	d regarding the representation	of the data in the g	raph.
