

## Extension 2 Learning More about Paraphrasing Skills

Paraphrasing skills are extremely important when you're a part of a long-term working team and when you have to engage in meetings with colleagues. A very useful article, "Skillful Paraphrasing Allows Groups to Examine What Is Being Said," by Robert Garmston and Carolyn McKanders, is good reading. You may want to read and discuss it with your co-teaching partner or with other groups you're part of. You can find it at QR Code 2.1:
