

# Snowflake Homework

It's finally winter! The winter season also brings a new year and a time to reflect. Your student is bringing home a snowflake to add to our Kindergarten wall. Please help your student decorate the snowflake. Make a snowflake that is as unique as you are! The snowflake can be decorated with pictures or words that describe how unique and special you are.

Be creative!

We want this project to be fun and meaningful to you. Please be sure to cut out the snowflake before returning it to school.

Thanks for your help with this project.

The snowflake is due January 31st.

Thank you!

Kindergarten Team
