

Name: _____ Date: _____

Alexis is planning a bike tour. She is planning a 357-mile trip in 7 days. She is planning to bike the same number of miles each day.

She wants to know how many miles she will bike each day.

She sketched the model below.

357 miles

Tell why you think her model makes sense.

How many miles will she bike each day? _____ miles per day

Big Idea #15: Representing multi-digit division • Task 15A
