Student Perspective Video: Focus on Student Thinking

1. Watch the video, and without talking to anyone, write down your observations of what you believe the student is thinking during this learning task.

2. Map your observation of this student's thinking along the following points:

3. Share your findings with the group.

4. Return to your observation statement in #1 of this template. What do you think of it now? What would you revise or expand in it?

5. Reflect on this video analysis task. What do you think you learned or reinforced from participating in it? What surprised you or stood out to you after looking at this aspect of teaching in the video clip? What did this observation task make you think of changing in your own teaching?
