### *Student Work With Video Review: Focus on Teacher Modeling*

1. Watch the video, and without talking to anyone, write down your observations of the teacher's modeling in setting up an in-class assignment.
2. Examine the student work sample provided that came from this particular class. Each member of the group has a different student work sample from this observed class. Without talking to anyone, write down any connections you can see between the teacher's modeling in setting up an in-class assignment and the student work sample you are reviewing.
3. Reflecting on the student work sample and the video record:

4. Reflect on this video analysis task. What do you think you learned or reinforced from participating in it? What surprised you or stood out to you after looking at this aspect of teaching in the student work and in the video clip? What did this observation task make you think of changing in your own teaching?
