On-Your-Foot Guide: Planning and Assessing Project-Based Learning

Jennifer Pieratt

While Project-Based Learning can be a transformative engine for teaching and learning, it must be implemented in a way that ensures deeper learning. Teachers know firsthand how challenging designing high-quality projects can be. This On-Your-Foot Guide walks teachers through practical steps for planning and assessing project-based learning experiences in their classrooms.

The On-Your-Foot Guide for Planning and Assessing PBL provides:

- A step-by-step guide to building your project rubric
- Practical tips and tools for student reflection and feedback
- Steps for creating the conditions for a culture of assessment in your PBL classroom
- QR codes and links to additional resources, downloadable templates, and a companion website
