Creating an Actively Engaged Classroom

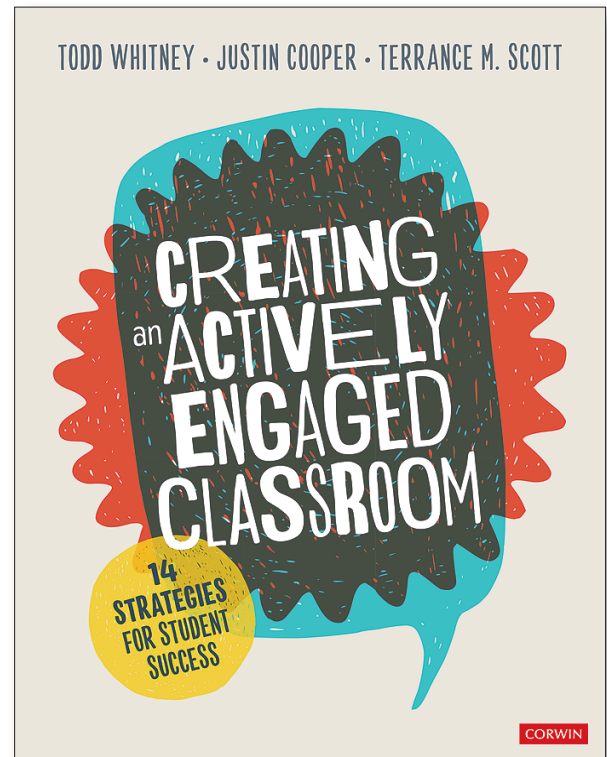

14 Strategies for Student Success

Todd Whitney, Justin Cooper, Terrance M. Scott

Successful lessons are explicit, yet also inspire active learning and opportunities to respond. As the one shaping lessons, can you do better?

Research shows teachers consistently offer students far fewer than the recommended opportunities to respond, leaving all students—including those with special needs and behavior challenges—less than engaged and falling short of their best chance for success.

Discover 14 strategies you can translate directly to your classroom, complete with descriptions, advantages and disadvantages of each, and how and when best to use them. Dive into these strategies and transform your classroom into a rich and interactive environment—no matter the subject, context, or age of your students.
